Features Key:

A powerful closed online game world. Such a large game world that you play for dozens of hours, even if you only play a few hours a week. During your travels, you encounter other players who share the journey with you, and you can coexist and commute while traveling together.

- A wide range of online content in a 3D world. A world with buildings, towns, dungeons, and mountains, so that you can experience an interesting and realistic game world.

- Incredible fight scenes and a raid system where you or other players participate and take on the most powerful dungeons.

Map Features:

- A visual representation of the world in a 3D environment.
- Ground, sky and ocean maps.
- Advancement map that indicates the ranking of achievements and letters (Lv. X), links and commodities, and the environments that the user has unlocked.
- Search map that shows the progression of the character's main maps, which shows the route of the map that has been opened and progresses towards the map that it has been started.
- Progressive progression maps.
- Maps that show your locations and routes while traveling.

Numerous Spoilers:
