★ Tripe Empire - Gameplay ★ You're the Tarnished hero with only two abilities. The thrill of tripe as your only source of nourishment. The pain of death by droplets of tripe blood. Is your destiny alive or dead? Will you defeat the cruel lords of the Realm of Tripe? - Tarnished - Your destiny lies on the brink of chaos as your strength rapidly declines, and you must contend with higher-level monsters with abilities that defy logic. Fight with all your might, even if you think you can only tap out a single time. The high damage dealing abilities of the enemy may be enough to kill you before your very eyes. The only way to ensure victory is to have an ability that quickly recovers your power. - Action RPG - ★ Action RPG, character building, interactive farming, and a simple yet addictive online battle system. Unlike other games where "pulling the trigger" sends your character to the grave, in the ELDEN RING games "quizzes" with your actions are held online, and battles against other characters will occur. In other words, this is action where you are both a life-and-death game, and an RPG. ★ Making Your Game Unique You can add your own easily-recognizable features to the game. Tripe Empire is known for its flashy and impossibly difficult combat, and you can create your own version of the game if you are willing to put the time and effort into it. ★ Your Adventure Begins ★ How to Play ★ ★ 1. Play on the official site (www.tripe-empire.com) If you have an Android device, you can play Tripe Empire by accessing our official site. If you have a PC or Mac, you can play our demo version on the site, but you won't have access to item/job/title creation. We'll be releasing a PC version of the Tripe Empire online demo in the future. ★ 2. For PC users, we recommend downloading the APK file You can download the APK of Tripe Empire from our official site. You'll need to download the game in your emulator. The player will obtain various items in all battles. If you play Tripe Empire on a device that does not have a PC emulated, you will also be able to
