Tennis exchange project - men's tennis July 14, 2017 Hosted by the Tennis Exchange, the 2017 Tennis Exchange Project is a tournament-based event to help put under-represented tennis players in local communities across the state of Oregon. Men's and Women's teams will be participating in the tournament that will be held on July 19 in Portland. This is the first time the tournament has been hosted outside of eastern Oregon, so we have much to gain from being a part of a tournament with other teams from the state. We have to ask for donations to continue the exchange program. As part of the tournament, they will be streaming the tournament live on T-Mobile TV and giving away \$2,000 in prizes.

The prime minister, Manuel Valls, was told on Thursday that he would have to put a price on the new lines after the EU failed to act on his request for a fresh financial commitment. Talks are under way in Brussels to find an extra £6bn for 2014-2020, following the failure of leaders to agree to a new budget in March. But without a fresh financial commitment there will not be enough money for the first French high-speed line, which has to be completed by 2020. Senior French officials said that if the EU does not fund the new high-speed routes, they could be put in the long-term planning but would not be built for at least 10 years. The exact details are still being finalised, but an interim government has requested an extra 100 million euros a year for a new regional development agency

to be created to fund the projects. In turn,
the French government will have
