It's a bit on the large side, but it doesn't feel heavy at all, and it's so comfortable (especially since I bought it a size up) and light weight (and it comes with some really cool ear pads that are super comfortable!). I can wear it to sporting events and don't even think about it. I would recommend this to someone looking for a really cute hat for a trip to the flea market or something. I love my red tabi socks and boots. I ran into a snag when I ordered these, but it's all sorted now. I ordered two pairs of these, one medium and one large size, and it turns out that the medium didn't have the back zipper, so I just returned those and they gave me a refund. And then I decided to just get the large pair, but they were sold out. Apparently, these come and go very quickly, but I was a bit bummed that I couldn't get my size. I hope they eventually come back in stock! Overall Rating January 21, 2016 Review by: Callie Quality: Price: Gender: Age: 7 Date: January 21, 2016 EveK Love, love, love these socks. I have bought them in a number of sizes and they fit great. I bought these in black and I think they look great with a skirt too. They are still in the smaller sizes which I am grateful for since I got them as a gift and don't want to spend too much! :)
