Igi 2 High Jump Mod

Links to download the mod are available at: Just open ... In the mods folder there will be 3 files with the .exe extension: - Meshes - Textures from the mod. - TexturePack - Textures from the mod. - TextureCache - Textures from the mod. To start, use the Meshes.exe file. To run all three files, use the .exe file TexturePack.exe. If you run the same file twice, you will get the same result, except that the textures from TexturePack.exe will work with a different texture set.
