Please, if you are going to upload a cropped image from this wallpaper to share with the community, please try to resize it to a maximum size of 300 pixels in width and 250 pixels in height. This should be fine for the vast majority of the wallpapers, but if you'd like to upload a very high resolution image, I have large enough hard drives that I don't mind where you upload the file as long as I can get the link in a timely fashion. (That is, as long as it's not going to take very long for me to download and upload it. :P) This picture will not be uploaded to dA, since it is going to be used in a software package. Therefore, I have no hesitancy in letting people download it off of whatever site they want to, but I have to warn you that, if you download it from a site like 4shared or Dropbox or something, you can't redistribute it in any way. If you're going to redistribute this picture, you need to do it yourself (and I mean you, seriously, no one else can do it for you. :P). EDIT: 6/16/14: These were actually uploaded to my gallery before I went to bed, and I forgot to upload to this site. Sorry about that. I will upload it here in the morning (Thursday), so hopefully the download link will still be there then. ****Remember the EastNewSound Packet**** ****If a file says it's expired, it means it's no longer in active development. It's not dead... just being retired.**** ****Expired files are downloadable, but if you download it, you will have to be the first to upload it, and you will lose all your progress from the last time you played it.**** 5ec8ef588b
